

*My Highlights Of the
Upper East Side*

By: Brett Gingold

No better place to go. It has
Everything

Who doesn't want a burger and fries for lunch

After you have Burger Fi for lunch. Why not have some FroYo

Best cookie I have ever
tasted.

My mom has to drag me out
whenever we go

Cornflake in my ear.....
Not funny

Now time for *VACATION*

The Parks, The Restaurants, The Stores it is what makes the Upper East Side what it is today.

These places that are your everyday places or places you go on a special occasion I can find just a few blocks away. My mom usually cant get me out of the apple store. I have a park 4 blocks away!!! Once there was a piece of cereal stuck in my ear good thing we had a doctor so close that was willing to suck it out that's why my family calls City MD my "Favorite Place" now they have something to tease me on.

The Upper East Side makes me do many memories and just your essential everyday places. That's why I love living on the upper east side I would not want to live any other place
