What is Ulfur's personality?
Let's just start with the fact
that he's SUPER *lazy*.
When he gets in the bed, he
decides that he's not going
to move... AT ALL.

My dog's name is Ulfur. Sometimes Ulfur can be silly, annoying and cute. He has many personalities. He is scared of the rain, loves cars, and leaves. He loves people and drags me to strangers to say "Hello." The cute part is that he loves his mommy ever since he saw her. He loves to cuddle with me... or with his family.

When Ulfur gets to bed, and I have to outside to his “business.” He growls. It’s kind of like he’s saying, “Please don’t take me from this spot, it’s too comfortable to lose.” Second thing, he hugs like a HUMAN! Since he’s 90 pounds now, I am hoping that when he’s older, I don’t have to be hugged by a 200-pound dog!

A little bit about Ulfur's personality:

Walking him is a tough job. When it's my turn to walk him, I have to DRAG him out but when I'm done, he runs back to the apartment. He loves to see parked cars, but when we are crossing the road. That Ulfur! He's CRAZY!
