Friends are some of the most important people in your life. Some of them you see almost everyday, and some you see once a month. But no matter how often you see your friends and no matter who they are, they make your life better every day. It's important to have friends. They make you laugh and smile, they can sometimes make you sad, or you might occasionally be mad at each other. But no matter what friends will always make you feel better. Friends tell you the truth, they tell you their secrets and they bring out the best in you. Photographs are a great way to remind you that your friends are always going to be there to make you smile.

The best time to make friends is before you
need them.

~ Ethel Barrymore

one who walks in
when the rest of
the world walks
out.

A true friend is someone who is there for
you when he'd rather be anywhere else.

Don't walk
behind me; I may
not lead. Don't
walk in front of
me; I may not

beside me and be
my friend.
