Essay: Old Oaks Country Club

HISTORY

Old Oaks Country club was founded in 1925, at that time known as Progress Country Club, Purchase Country Club, and Pine Ridge Country Club”. In 1936, the club was now formerly known as “Old Oaks Country Club” or “OOCC”. Also, one of the buildings, now known as the “Clubhouse” was once a residential estate for a silk merchant named Trenor Luther Park.

PRESENT

Old Oaks Country Club is located on 3100 Purchase St, Purchase, NY, 10577 and now has more than 300 members. Old Oaks has hosted the USGA’s US Open Qualifying Tournament several times, as well as the Metropolitan Golf Association’s Senior’s Tournament. Also, it’s 18 hole course remains to this day as one of the finest golf courses in Westchester County. The Country Club consists of two heated pools with lifeguards, 13 tennis courts and instructors, one golf range and instructors, a kids playroom, 3 dining rooms, and much more. They also include tennis and golf clinics for kids, teens, and grown ups.

MY EXPERIENCE

So far, I have only been a member at Old Oaks Country Club for a few months. And in those few months, I have taken many swims in the pools, swayed in the hammocks, taken many tennis clinics, eaten amazing food, met the nicest staff, and had the most fun I have ever had. From water gun fights on the tennis courts to cupcakes wars in the playroom, I've probably had some of the funniest moments of my life there! I love going to my country club every week!
