

The Island of Wonder

**This is the walkway. You can walk
alongside the FDR drive to get to
the 103rd street footbridge or to the
RFK Triborough bridge**

The FDR drive was built during world war II. FDR stands for Franklin Delano Roosevelt. He was the 32nd president. His term from March 4th, 1933- April 12th, 1945. the FDR drive runs from 14th-125th street. The walkway is called The East River Greenway.

This is the 103rd street footbridge. As you can see in the picture, people are walking with friends (and dogs).

This bridge is called the 103rd street bridge because, you guessed it, you enter from 103rd street! This bridge was opened on May 18, 1951. The bridges total length is 380 meters.

If you go left after you exit the footbridge,
you will encounter this riding academy.
This is one of many things you can do at
Randall's island.

The Randall's Island
riding academy has
been in continual
operation for 25 years.
There is horseback
riding for both kids and
adults.

As you can see in the picture, there is a building behind a tall fence. If you look very closely, you can see the bars on the windows.

This old building used to be a prison. It is now a mental hospital. Specifically, it is called the “Manhattan Psychiatric Center”.

This is one example of beautiful nature at Randall's island. You can ride/walk/skate on this path.

The trees and nature at Randalls Island are very beautiful and should be treated nicely. Some people don't treat them so nicely.

Another example of more fun activities available for visitors of Randall's island

Activities you can do here include batting cages, mini golf, regular golf, volleyball, and more.

GOLF, BATTING, MINI GOLF

VOLLEYBALL, HORSESHOES, BOCCE BALL

PING PONG, CORNHOLE, JENGA

SWINGS
OUTSIDE OF

This is one of MANY soccer fields that are open for play at Randall's Island.

There are 27+ soccer fields on Randalls island.

In conclusion, Randall's island is full of beautiful nature, and is full of many fun activities to do while your there.
